

OUR GUARANTEE

Project Management

I Stu, will see your project through from start to finish. I personally carry out regular site visits to ensure the workmanship consistently represents our excellence in quality.

All subtrades we engage sign our subcontractor agreement, this ensures they adhere to our quality assurance plan and the project runs to schedule.

This is achieved with careful planning, attention to detail and open lines of communication between my team and the subcontractors themselves. This ensures that our client, has more than enough time to choose fixtures and fittings well in advance. The subcontractors I employ practice the same excellence of quality and workmanship as our team.

Budget

With many years of experience in quoting and back costing, we are able to prepare and present a fixed term contract. We provide a fixed quote which has no hidden costs, giving you the comfort of knowing exactly where you are at. (No surprises!)

Communication

You will receive a fortnightly report from us on your project. This includes the progress, inspections that are coming up, any variations which may take place, plans for the following fortnight and photos of progress.

Complimentary House Clean

We offer a complimentary house clean from a professional cleaner to take the stress away and give you peace of mind that when you move in everything has been cleaned from top to bottom.

Post Completion

Two months after project completion, our team will return for a maintenance check to ensure everything is to satisfaction and expectation.

Master Builder Guarantee

“Our builders are the best in the business and uphold the highest standards” Stu Bell Construction offers the Master Builder 10 year Guarantee.

Stu Bell
Managing Director
